**The following summary contains various incidents of general interest as well as vehicular crashes handled by the Town of Vienna, Virginia Police Department from November 29, 2013 – December 05, 2013. Readers are reminded that an “arrest” is based upon probable cause and does not always mean that someone was physically taken into custody. Furthermore, it does not mean that an individual is automatically guilty of a crime. Judicial outcomes and post-arrest proceedings can be researched through the appropriate court’s website.**

**(VIENNA POLICE HIGHLIGHTS is not meant to be a listing of every incident or call handled by the Vienna Police, but merely a more substantive summary of several incidents, which may be of interest to the community. Some reports may be outside the date parameters due to extended investigations or other circumstances. Some cases are not included at all due to ongoing investigations. ## **OF INTEREST/ CITIZEN NOTES**

**Note to Citizens** – *Recently there have been reports of callers claiming to be a relative of the resident. The callers often disguise their voice in an order to confuse the resident and claim they had been on a trip to another country and either had been arrested or involved in a serious accident. The callers then request that the resident send them money in order to be released from jail or to pay for medical treatment. The payment is usually requested in the form of a prepaid debit card or a Western Union Transfer. **This type of call is a scam. Never send a payment unless you have verified the validity of the caller.***
